

MicroNet™ Integrating Actuator Driver Module Product Obsolescence

Product Change / Improvement

The MicroNet™ Integrated Actuator Driver Module families have been replaced by updated modules which have similar functionality. The older modules will be inactivated by 31 July 2015. For customers specifically wanting additional spares of the old versions, Woodward is offering a Last Time Buy (LTB) opportunity. Repair services will be available up to 5 years after module inactivation, depending on component availability. Please see the Obsolete Modules section below for the affected item numbers.
